

Res Athletics Blast – August 26, 2017

Fall Sports Parent Meeting And Volunteer Positions – At the Fall Sports Parent Meeting the booster club went over how to volunteer to help at athletic events using SignUp Genius. Here is the link: www.SignUpGenius.com/go/4090F4AADA82FA3F58-copy
Please sign up for slots as you are able.

Booster Club Recent Purchases – The Resurrection Athletic Booster Club has been busy purchasing items for athletics. Among the purchases are a new squat machine for the weight room that will be delivered in October or November. Squats are one of the most important lifts for our athletes. Coaches asked for this squat machine specifically because they could not rotate their athletes through fast enough on the one squat machine we have. The booster club also purchased new softball benches which will be installed for this upcoming spring season, as well as two tents. The tents will be use by multiple sports teams including track, cross country, soccer, and lacrosse. These purchases are all a direct result of parent's volunteer efforts. Thank you to everyone who volunteered their time to help last year.

Booster Club Members Needed – The Resurrection Athletic booster club is an important component of Resurrection athletics. The club meets the first Wednesday of the month in the Library at 6:30pm. The club is seeking new parents to come to the meetings to help share fundraising ideas and give input on items the club needs to buy for the athletic department.

Lunch With The Athletic Director – Parents, please come and see the Athletic Director during your lunch break. This is a time for parents to ask question and share recommendations, comments, and commendations about the Athletic Department with Resurrection College Prep Athletic Director Mr. Eddie Kane. We will meet in the Coaches Office on the following dates from 12:15 – 1:00pm.

Sept 20, Oct 8, Nov 15, and Dec 13.

Golf Is Almost Half Way Through – Where did summer go? The Golf team is already half way through their season completing 5 matches. The young team is working hard and looking to win a dual meet down the stretch.

Volleyball Gets a Huge Win – Volleyball took all three from Latin Friday night. The program as a whole is undefeated on the season at 5-0. The freshmen and JV games each took only 35 minutes to down Latin. Then Varsity took the floor and won in two.

Tennis Team Doesn't Skip A Beat Replacing 10 Seniors – There was fear the numbers would be down with zero freshmen on last year's team and 10 seniors graduating. But the team is gaining momentum with 28 girls out this year, including four freshmen! From the looks of it last year's JV team, who was runners-up in the conference, is filling in nicely at the varsity level along with returning varsity members Danielle LaSusa and Annie Kealy. Head Coach Beverly Patt looks to move the team in the right direction.

Cross Country Braces For Their First Meet – The Cross Country team is ready to compete in their first meet next week. The girls have put a lot of miles on their bodies building their base for the season and now it is time for competition, where all the hard work will pay off.

Swim Team Has Doubled In Size In Two Years – The swim team has officially doubled in size since 2015 and is ready to take a step forward in competition this year. The program now has a solid Junior Varsity base to groom athletes for Varsity competition. Coach Foley and Coach Caudrudo should be commended on their work with the swim team.
