Think SharkTank! Think of something that has yet to be invented or exists but you see an opportunity to optimize it and make it better, something that you see others would need or benefit from. Here is your opportunity to sell it!

In a three minute or less video, give a pitch to the selection committee about they would want to fund your project. Why should they invest in it? How is it better than what might already be out there? How is your technology different?

One video will be selected and that student will receive a \$1500 scholarship for the 2019-20 school year at Resurrection College Prep High School along with the opportunity to meet with Loren to consult on their idea.

Submit your video along with a copy of this application and a one sentence description of your pitch by May 6, 2019 at 11:55 pm to amartorano@reshs.org.
